## STIRRING RACES FEATURE ELECTION

### 20,000 SURFACE CAR MEN LAUNCH CHICAGO STRIKE

Three Million People Are  
Forced to Seek Other  
Transportation.

#### RAIL HEADS CONFER

Nationwide Strike Goes  
Into Fifth Week With  
All Sides Hopeful.

(By the Associated Press)  
CHICAGO, Aug. 1.—Twenty thou- sand motormen, conductors and guards on surface and elevated lines went on strike at four o'clock this morning and the greater part of the working population of Chicago's nearly three million persons was forced to seek improvised transportation.

#### STRIKE ENTERS SECOND MONTH; PEACE IS NEAR

CHICAGO, Aug. 1.—The railroad strike today entered its second month with meetings at Chicago and New York which were expected to end the walkout immediately. Union chiefs were here and railroad executives were in New York to consider President Harding's plan for a settlement.

At Chicago were most of the 90 general chairmen of shopcraft workers and several other leaders, including L. M. Jewell, president of the railway employees department of the American Federation of Labor, and Timothy Healy, head of the striking firemen and others. Mr. Jewell presided. Chairman Ben W. Hooper of the United States Railroad Labor Board was also on hand and it was understood that he bore authority to speak for President Harding's plan in case it became necessary. The New York meeting included executives of 148 leading railroads.

#### RAIL COMMITTEE TO REPLY TO PRESIDENT

NEW YORK, Aug. 1.—The standing committee of the American Association of Railway Executives went into session here today to prepare a reply to President Harding's proposal for the settlement of the railroad strike.

### TIME FOR GOLF TOURNAMENT IS EXTENDED TODAY

A new plan has been adopted in connection with the conducting of Elks Golf tournament, according to Harry Schienberg, who is in charge. Election day has caused some changes in the schedule, he said, and revisions have been necessary. The time for playing off the golf championship has been extended until this week.

Those players who were matched for games earlier in the tournament may yet qualify if they will play the 18 holes and turn in a certified score immediately. It was pointed out. It will not be necessary to have a partner for the preliminaries.

Both men and women come under the new ruling. As many of the players have been kept from playing because of work in connection with the election and campaigning and other matters, the time was extended and the new ruling made to fit circumstances, Mr. Schienberg said.

Men qualifying and their scores are as follows: Paul Carson 97, Cliff Skirvin 99, Dennis Davis 101, Donovan Skirvin 106, Roy L. Givens 108, Bruce Ligon 110, H. P. Schienberg 110, W. J. Coffman 112, J. G. Breco 118, Sam Schienberg 120.

Women qualifying and their scores: Mrs. R. L. Givens 137, Mrs. A. W. Parker 140, Mrs. J. H. Patton 140, Mrs. C. M. Thusen 148, Mrs. H. B. Schienberg 150. Those who take advantage of the new ruling will be added to this list before the games for semi-finals are made out.

#### McKeown Almost Unanimous

TISHOMINGO, Aug. 1.—(Special)—At 3 o'clock this afternoon the vote for congressman in Tishomingo was as follows:  
McKeown 130, Cheatham 3, Wheeler 4, and Villines 1.

### Arsenic in Pie Dough is Fatal To Three Today

NEW YORK, Aug. 1.—Arsenic, mysteriously placed in a batch of pie dough, was responsible for the death today of three persons and the illness of more than one hundred others who partook of the poisonous pastry in a Broadway restaurant, the medical examiner's office announced after an investigation. Charles Abrahamson, a baker, recently discharged by the restaurant manager, was held as a material witness but District Attorney Banton, announced Abrahamson apparently came out clean of any suspicion that he was responsible for the poison.

### CLEVELAND MEET MAY END STRIKE

Lewis Calls Operators and  
Miners Together on  
Wage Issue.

(By the Associated Press)  
PHILADELPHIA, Aug. 1.—A joint wage conference of operators and miners in the central competitive fields to be held in Cleveland next Monday, for the purpose of negotiating a basic agreement designed to terminate the present coal strike, was called today by John L. Lewis, international president of the United Mine Workers. President Lewis also summoned the general policy committee of the union to meet in Cleveland at the same time for the purpose of acting promptly on the developments as they may occur in the joint wage conference. All men will remain on strike until an agreement or a definite understanding is reached.

#### INDIANA OPERATORS NOT TO OBEY MINE PRESIDENT

(By the Associated Press)  
INDIANAPOLIS, Aug. 1.—Indiana operators will not attend the conference called at Cleveland by President John L. Lewis of the mine workers for the purpose of negotiating a wage agreement for the central competitive field, declared Morton L. Gould, president of the Indiana bituminous coal operators association.

#### NO JOINT CONFERENCE KAVANAUGH ASSERTS

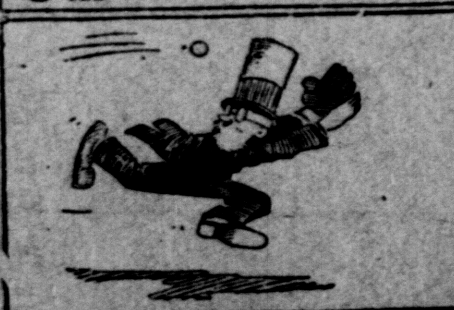

(By the Associated Press)  
ST. LOUIS, Aug. 1.—"There will be no joint interstate conference of the former central competitive field and Mr. Lewis knows this to be true," W. K. Kavanaugh, president of the coal operators association of the fifth and ninth districts of Illinois said here yesterday. "There is nothing further to say at this time Mr. Kavanaugh issued a statement yesterday that covered the case," is the statement from Mr. Kavanaugh's headquarters here today.

Mr. Kavanaugh is an election official and could not be reached personally for a statement early today.

#### COAL OPERATORS TO PASS UPON INVITATION

(By the Associated Press)  
CHICAGO, Aug. 1.—Coal operators will pass on John Lewis' invitation for a central competitive field conference when the state operators' scale committee meets here Friday, Dr. F. C. Honnold, secretary of the Illinois Coal Operators association, said today. Dr. Honnold added that his personal opinion was that sentiment in Illinois would be in line with that of the executive in Indiana.

#### Our WeatherMan

Generally fair tonight and Wednesday.

Rainfall at Ada during the month of July was 3.78 inches, according to the report of E. A. MacMillan, local observer. The heaviest during any 24-hour period was 1.43. For the seven months of the year the total rainfall has been 25.13 inches. During July rain fell on 6 days. There were 22 clear days, 3 partly cloudy and 5 cloudy. Maximum temperature 106; minimum 61.

### CANDIDATES ON WIRE EDGE FOR STATE RETURNS

Field Managers All Send  
Glowing Reports Into  
Headquarters

#### VOTERS DEFY AUGUST

All Parts of State Report  
Unprecedented Ballot  
in Primary Today

(By the Associated Press)  
OKLAHOMA CITY, Aug. 1.—Scattered and meager reports received at the headquarters of Oklahoma's three candidates for gubernatorial nomination on the democratic ticket today gave little indication up to one o'clock as to how the votes were being cast.

Managers of all three candidates professed to see encouragement in reports received from their field workers this morning, but these replies were few and gave little detailed information.

All indications point to the heaviest vote in years, despite the penetrating rays of a hot August sun which sent the thermometer past the 100 mark in most sections of the state.

With political managers using the whip hard at the finish, the primary campaign ended Monday night with all candidates claiming the verdict. While managers for Owen, Wilson and Walton all predicted overwhelming pluralities for their men, friends of all three admitted in confidence the decision was very much in doubt.

#### Final Efforts Made.

Speakers honeycombed the state during the final hours of the dash, beating the bushes in the hope of winning here or there an undecided vote or two. Personal workers also exerted every effort to put over a last wallop, admitting the while that the last shot had been fired and that few votes would be changed before morning.

While R. H. Wilson was delivering his final appeal to the home folks over in Chickasha, Thomas H. Owen spent the day quietly at his home in Oklahoma City. Mayor Walton wound up his tour with a speech at Capitol Hill. George F. Short remained in his headquarters throughout the day, while J. Berry King, his manager, was preparing to leave for Muskogee by airplane to cast his vote in his home precinct. C. J. Kendle, R. A. Sneed, Ross Lillard, Mart B. Louthan and William M. Franklin all spent the day at home, declaring that they were ready for the verdict.

#### OBITUARY

Mrs. M. E. Brundrige, 68, mother of R. B. Brundrige of this city, died at his home at 6:30 a. m. today. Funeral services were held this afternoon with Rev. Nettles in charge. Burial took place in Rose-dale cemetery.

William Francis Starks, four year old son of W. W. Starks, died at Oklahoma City yesterday afternoon. Remains were brought to Ada today for burial. Funeral services were conducted this afternoon by Rev. C. C. Morris at the home of a relative at 112 East Fourteenth street. Burial took place in Rose-dale cemetery.

Miss Fannie Henderson is visiting friends in Francis this week.

### You Are Invited to Election Party

Primary election returns from the county and state will be heralded from the News building tonight, beginning as soon as the counters finish their work. The Associated Press has gone to an enormous expense to perfect an organization which reaches into every rural district. As soon as the results are learned in a far away box and that news gets to the county seat, it is flashed to the Associated Press rooms in Oklahoma City. In another minute it will be in the office of the Ada News, and in another instant it will be given to the waiting crowds in front.

As the votes are counted in the boxes of this county, they will be telephoned into the office of the News and announced as the state news will be announced.

### Denison Church Folk Pray That Strike Will End

DENISON, Tex., Aug. 1.—Denison prayed this morning that the nationwide strike of railroad shopmen would end. Every business house in the city was closed from 9 to 10 o'clock while business men and strikers, their sympathizers and families, crowded into four protestant churches where with bowed heads they listened while four ministers besought God to "guide the railroads and men to peace."

### RECREATIONS TO MISS STUDENTS

Bathing Pools and Sport  
Grounds Feel Decrease  
in Patronage.

"Gone are the days when the crowds were large," sadly lament managers of local amusement places. Since the more than 1,500 out of town students left the city there has been a decided decrease in the attendance at theatres, bathing pools and amusement parks, according to reports given out today by the various pleasure resorts.

Beginning today no bathing is permitted at the city lake. This partly closes one of the most popular outing places known to Ada people. Records at Ford's bathing pool and Glenwood Bathing pool show that about half as many people are admitted each day now as a week ago.

Reports from Byrd's Mill are that hundreds of tourists have stopped there this summer. Most of the local residents who have been spending the summer in Sulphur were home today, however, to participate in the county and state primary election, late reports indicate.

With the lagging interest in fishing, leaders in sportsmanship of the city are now turning their attention to golf. Ada's golf links are becoming more popular each day and many good players are being produced. It is expected that golf will within a short time become one of the leading sports of the county. It is not only the newest sport here, but also ranks even now one of the leading sports.

### Boy Scouts Off For First Summer Camp At Gregg Crossing

A small delegation of Ada scouts left overland this morning for Gregg's Crossing, near Tishomingo, where they will attend the first annual encampment of Pontotoc county Boy Scouts.

Most of the scouts attending the camp will be from Allen, Francis, Stonewall and Lawrence. Harry W. Miller, scout executive, said this morning. Several leading men in scout work from over the county will be in charge of the camp.

The boys will be gone about ten days. This is the first time since scouting was started in the county that all of the different troops have been brought together in a summer encampment.

Miss Mollie Russell leaves today for Youngstown, Ohio, where she will make her home. She has accepted a position as teacher in the city schools there next fall.

### HARDING SEEKS OLD RATING FOR RAIL STRIKERS

Roads and Men Must Abide  
by Board Decisions, is  
Federal Plan.

#### DISMISS LAW SUITS

Disagreement in Walkout  
May Be Left Before  
Board Members.

(By the Associated Press)  
NEW YORK, Aug. 1.—President of 148 railroads treading all parts of the country this afternoon resumed their conference at the Grand Central station presumably to vote on acceptance or rejection of President's Harding's proposal for settlement of the nationwide railroad strike.

Those in close touch with the executives believe it a foregone conclusion that they would refuse to accept Mr. Harding's suggestion that men be allowed to return to work without impairing seniority rights.

It was declared that the railroads believe such action would precipitate in an even worse strike than that now in progress because supervisors who have been so successful in organizing new forces would quit.

Letters Kept Secret  
It was announced that the executives would not make public either the text of the letter which President Harding sent with his proposals amplifying them, or the reply of the railroad chiefs; until the reply was received at the White House. This reply, it was indicated, would be dispatched immediately.

Although the text of President Harding's letter was not made public here, it was reported to have proved more mandatory in tone than had been expected. The text, it was understood, differed from that written to Bert M. Jewell, labor leader, when the administrative program was forwarded to the strikers in Chicago.

Most of those close to the conference maintained that unqualified re-instatement of strikers would be "a rank injustice" to the men who had replaced striking workers. In addition they said it was felt that if the seniority conditions were accepted it would mean that the union men would "discipline" those who had helped to break the strike.

#### SEPARATE AGREEMENTS WILL BE SUGGESTED

(By the Associated Press)  
CHICAGO, Aug. 1.—A proposition that the striking shopcrafts settle their strike with roads that are willing to agree to President Harding's proposition regardless of whether all roads agree to them, will be placed before the meeting of union chiefs in session here.

NEW ORK, Aug. 1.—President Harding's proposals for settlement of the nationwide railroad strike, made public today in connection with their consideration at a meeting of 158 road heads, were three in number.

The first set forth that the roads and men should abide by wage decision of the labor board.

The second would provide that all lawsuits brought by either side in connection with the strike should be withdrawn and that disagreement growing out of the walkout should be left with the labor board.

The third proposal—and the one calculated to provoke the longest discussion when the conference meets again this afternoon for a vote of acceptance or rejection—suggests that the striking men be taken back on the basis of seniority which they enjoyed before they walked out.

#### HARDING TO FAVOR STRIKERS ON SENIORITY

(By the Associated Press)  
WASHINGTON, Aug. 1.—President Harding's proposal looking to the ending of the rail strike provides, with reference to the big controversial point of seniority, that "all employees now on strike return to work and to their former positions with seniority and other rights unimpaired."

This was revealed in an announcement from the white house giving the basis of the executive's settlement plans as follows:  
"1. Railroad managers and work-

ers. "1. Railroad managers and work- validity of the decision of the railroad labor board and to faithfully

### DISTRICT JUDGE'S RACE BRINGS THROG TO VOTE IN EVERY WARD OF CITY

Ku Klux Klan and Women Vote to Be Dark  
Horses in Today's Thrilling Primary Con-  
test, Political Prophets Freely Declare as  
Balloting Increases.

Surging throngs of voters stood in front of all city boxes this morning waiting patiently to cast their ballots in what doubtless will develop into the most thrilling election contest that Ada and Pontotoc county have witnessed in years.

Heavy campaigns, the booms of which have been re-echoing through the county for the past three months, came to a close last night in enthusiastic rallies for candidates whose names were on every tongue today.

Supporters of Arden L. Bullock for district judge rallied at a speaking pavilion near the Christian church. At the same time followers of J. W. Bolen held a final campaign celebration at the city park. Both sides claimed victory. D. W. Huffar, the third candidate in the race, claimed his principal support would come from the country boxes.

#### Two Factors Dominant

Two factors loomed gigantic in today's primary throughout the county. They are women votes and the Ku Klux Klan. Never before in the city's history have women showed such a phenomenal interest in politics, voting officials declared at noon today. The Klan issue was injected strongly in the democratic race for nomination as district judge, and to some extent into the democratic county attorney contest.

Predictions were freely made this morning that Ada would set a new high water mark in the number of votes cast at a primary election. Yesterday there was doubt that more than 1,500 votes would be cast in the city. It was said this afternoon, however, that this mark may be passed even before employees of the local industrial plants vote late in the day. Total county vote today, it was estimated, will run 5,000 or 5,500.

Local business was practically suspended today to give way for political activities. Banks closed their doors and other lines of industry showed to a marked degree the effects of strenuous campaigning on the part of all factions.

Although the district judge contest was occupying center stage in county politics today, there was considerable interest in the remaining state ticket. Throughout the day, supporters of R. H. Wilson maintained that his lead was increasing and voiced an early belief that he would sweep the county on the strength of a heavy support claimed in Ada. Thomas Owen ranks, however, disputed these statements, claiming supremacy for their candidate.

J. C. Walton, the Farm-Labor candidate for governor, will poll a good vote in the rural districts, and at Francis among the railroad men, political authorities said.

County offices, except that of Sheriff Bob Duncan, closed at noon today and business at the court house was practically at a stand-still. Campaigning, which abated somewhat shortly before 12 o'clock, was renewed at mid-afternoon when the last contingent of voters again swamped the polls.

At noon it was reported that approximately four hundred persons had voted in Ward 1 and about three hundred in Ward 4, these two being the largest in the city.

Despite a sizzling temperature this afternoon, voting continued under full sway. At 2 o'clock, an unusually heavy poll in wards 1 and 4 had raised the total vote cast to 1,487. In ward 1 alone the total vote stood at 590. In ward 4, the 400 mark was passed early in the afternoon.

At 2 o'clock, ward 2 had a total of 320 votes and ward 3 a total of 187.

Fully 750 votes remained out to be cast, election officials said and there was a prevailing belief that the city's total alone would be more than 2,250, the greatest in history.

Francis, Stonewall, Roff and Allen are understood to be surpassing their old totals. Scattering reports from country boxes indicate unusual interest in the primary.

For the first time in the county's history, as many women as men are voting, precinct judges declared. Service cars plied the city all day and constantly jangling telephones in the various campaign headquarters kept drivers busy attending to the women voters.

Counters started work early this morning with the expectation of having some returns ready for announcement by 8:30 this evening.

# CLOSING OUT IN ADA

## McCLESKEY'S BANKRUPT SALE

at The Dunlap Stand

SALE STARTS PROMPTLY AT 9 O'CLOCK, WEDNESDAY, AUGUST 3

*Going to Quit Business; all the stock and fixtures on hand to be closed out within the next thirty days. Our lease is out and it is up to us to move or make new contracts :-: :-: :-: :-: :-:*

# C. A. McCLESKEY

Dunlap Stand - - - - - Ada, Oklahoma

# CLERKS TAKE OFF TITLE IN LEAGUE

Legion Nine Batted Hard  
in Deciding Battle With  
A. A. A. Nine.

Ada Athletic Association baseball team is pennant winner for the first season of the Twilght League of Ada.

This was definitely decided when that team trounced the American Legion team 8 to 1 in a one sided hitting affair on college field Thursday afternoon.

Rutledge and Wray were both batted hard, Rutledge being knocked from the mound in the fifth. He began weakening in third, allowing three hits and two runs. Two more hits were marked against him in the fourth as a fair warning of the rally that came later.

In the fifth, Montgomery of the clerks lead off with a double, was followed by a single by Roach, and Montgomery scored when G. Byrd doubled. MacMillan walked, filling the bases, and Harrison doubled scoring Roach and G. Byrd. Wray relieved Rutledge and made a good start when MacMillan was caught out at home on Oliver's attempted sacrifice. Reed singled, scoring Harrison. Brown was safe on an error and Wanner singled, scoring Harrison. Brown was safe on an error and Wanner singled, scoring Harrison. Brown was safe on an error and Wanner singled, scoring Harrison.

The lone score of the Legion came in the fourth. Fain walked, was sacrificed to second and took third on an error. He scored on Rutledge's sacrifice. The Clerks scored again in their half of the sixth, MacMillan getting a single and making the remainder of the trip on errors.

Legion Gets Three Hits  
R. Wanner held the Legion team to three scattered hits. One fast double play was made by the clerks in the opening inning. Burkhardt was thrown out, Fain singled and Young hit into a double play, Roach to Montgomery to Brown.

The Clerks have one more game with the Legion but should they lose it, their percentage would still be greater than that of any other team. Midgets go into second place following the defeat of the Legion.

## With the Women of Today

By EDITH MORIARTY

Mrs. Lenah S. Higbee.

Mrs. Lenah S. Higbee, superintendent of the navy nursing service of the United States, directs the work of 500 navy nurses at naval hospitals and dispensaries both on shore and on hospital ships. The navy nurse is generally a pioneer who goes to any point on the globe where the navy is maintaining the affairs of a people, and her role there is that of a social service worker as well as a nurse.

During the war Mrs. Higbee directed the work of about 1,500 navy nurses, a small number compared with the thousands of Red Cross nurses, but the government nursing service is an organization which reaches beyond ordinary war nursing and maintains its staff at all times.

Mrs. Higbee is a graduate of the Post Graduate and Bellevue hospitals in New York City.

"War nurses soon learn," says Mrs. Higbee, "that smiles and a sweet disposition are by no means the full equipment of a nurse. All romantic young girls should have a

chance to learn something about navy nursing before they enter the field."

### WOMAN PILOT

Mrs. Gordon Green, Huntington, Ohio, is one of the two women river pilots in the United States. She and her husband are expert river pilots. Mrs. Green, in nearly twenty-five years' work on the river, has never had an accident. Mr. and Mrs. Green own four boats, one for each member of the family.

### IN FOREIGN LANDS

A league of university women has been founded in Austria.

Recently Frau Beth made the first appearance of a woman as a solicitor in Vienna.

The debate on woman suffrage in the French senate has again been postponed—this time till October.

At the last elections in Hungary a woman member of parliament was elected, and two other women were elected as alternates.

London has a club of fashionable women who derive the same benefits enjoyed in the men's clubs.

### MISSISSIPPI'S "FIRST"

Mrs. J. E. Arnold is the first woman candidate for the national house of representatives from Mississippi. Mrs. Arnold is a real southern democrat; she is the wife of a missionary to the Choctaw Indians of Mississippi and chairman of the Fifth congressional district of the Mississippi League of Women voters.

They Abound in Gloria Swanson's Picture, "Beyond the Rocks"

An Alpine hotel, perfect in every detail was one of the striking settings constructed for "Beyond the Rocks." Elinor Glyn's story which has been translated to the screen as a Paramount picture starring Gloria Swanson and which will be seen at the McSwain theatre next Monday. Picturesque Alpine climbers, guides, tourists, the various characters seen about a tavern in the Swiss mountains, people the set which is the scene of some alluring action for the story. A company of Tyrolean musicians and dancers made not only delightful music but danced with real characteristic charm. The set was handsomely decorated and the flowers that adorn the tables of the tavern are Swiss everlasting blossoms.

The eye of the eel becomes enlarged during the mating season.

## SIGNS OF PEACE APPEAR ON STRIKE

(Continued from Page One)  
right here at these meetings. The five brotherhoods are ready to do anything possible to bring present conditions to an end.

### BLOCKADE ON TRAINS

CHICAGO, Aug. 18.—Transportation blockades caused by train crew walk outs cleared away to day as railroad heads and leaders of the train service unions met again in New York in another parley for peace in the shopmen's strike.

While their leaders were shouldering the issues of the strike, members of the transportation brotherhoods who quit their posts returned to their jobs and stranded traffic was moving again.

In the far west where the tieup was most effective, conditions improved rapidly and railroad officials announced resumption of almost normal transportation.

### Disorders Continue

Disorder incident to the rail strike continued. Three workers employed in the railroad shops at Cincinnati were attacked and severely beaten. A roundhouse employee of the Texas and Pacific railroad at Dallas, Texas, was injured by a bomb which shattered the roof of the building. A tear bomb used by the police in dispersing a crowd of striking shopmen at Topeka, Kan., routed the police also. A third attempt to dynamite tracks of the Louisville and Nashville in Alabama occurred at Grace, near Birmingham.

### HARDING TO RELEASE

RAIL MESSAGE TODAY  
WASHINGTON, Aug. 18.—Unless some eleventh hour development arises, President Harding's message dealing with the rail and coal strike situation was expected to be presented to congress early this afternoon.

The message was concluded late yesterday and sent to the public printer last night.

It had been understood yesterday that the president would delay sending his message pending outcome of the rail strike conference in New York but last night it was said he had decided he should no longer delay, regardless of the conference now in progress.

The reindeer is supposed to have been a chief article of food of the cave dwellers.

(Published August 10, 11, 12, 14, 15, 16, 17, 18, 19, 21, 1922.)

Notice to Paving Contractors

Notice is hereby given that in pursuance to Paving Resolution No. 11-3, passed by the Board of Commissioners on the 8th day of August, 1922, sealed bids will be received at the office of the City Clerk of the said City until 2:00 P. M. on the 22nd day of August, 1922, for the furnishing of the materials and the performance of the work necessary in the paving and other subject to the conditions herein after set out of a portion of Broadway in the City of Ada, Pontotoc County, Oklahoma, heretofore established by resolutions passed by the Board of Commissioners, to wit: Street Improvement District No. 11.

South Broadway from the south line of Twelfth Street to the Center line of Thirteenth Street, together with alley crossings and street intersections not now paved, and all in the City of Ada, Oklahoma.

The cost of such improvements on such said avenue, including street intersections and alley crossings shall be borne and paid by the owners of the property benefited by such improvements upon the said portion avenue hereby ordered to be paved. The entire cost of said improvements on said portions of such abutting property liable to assessment therefor, and the owners thereof, in accordance with the provisions of the State Laws of Oklahoma governing the same.

The plans and specifications for the improvement of the said avenue have been prepared by the City Engineer, and have been adopted by the Board of Commissioners, and include and set forth in detail all the different materials and plans and methods of construction hereinafter set out. The plans, plat, profiles, specifications and estimates are on file in the office of the City Clerk.

The Class of Pavement to be constructed shall consist of single course plain concrete seven (7) inches in thickness.

Bids must be submitted upon proposal sheets to be furnished by the City Engineer, and each bid must be accompanied by a certified check on some solvent bank in the State of Oklahoma, or a satisfactory bond in the amount of approximately five (5) per cent of the total cost of the work based upon the contractor's bid. The Board of Commissioners reserve the right to reject any or all bids, and bidders are cautioned to observe all the conditions set out in the specifications and bidding sheets.

Each bidder shall accompany his bid with a sworn statement in writing that the bidder has not directly or indirectly entered into any agreement, expressed or implied with any other bidder or bidders, having for its object the control of the price, and amount of bids, or limiting the number of bidders. No bidder shall divulge sealed bids to anyone whatsoever except those having a partnership or other financial interests with him in said bid, until after said bids are opened. The violation

of any of the foregoing provisions on the part of the bidder shall make void any contract made by him with the City of Ada, based upon his bid, all as provided in Section 1, Article IX, of the Charter of the City of Ada, Oklahoma.

Bids received as aforesaid will be opened and considered by the Board of Commissioners at a meeting to be held at the City Hall in the City of Ada, Oklahoma, at 2:00 P. M. on the 22nd day of August 1922. All bids are required to be placed on file in the office of the City Clerk for forty-eight (48) hours after opening before the award or rejection of bids can be made.

The contract will be awarded to the bidder submitting the most advantageous bid therefor, who will undertake and perform the work and furnish the materials according to the plans and specifications, and who will also comply with the terms and conditions contained in the resolutions of the Board of Commissioners of the City of Ada, declaring the necessity and providing for the improvement of the above named avenue. A copy of such resolution will be furnished to bidders upon application therefor at the office of the City Clerk.

The Contractor shall receive for the above work, including printing and other incident costs and fees, Street Improvement Bonds at their par value against the abutting property according to Sections 608 to 642, Article XII, Chapter 10, of the Revised Laws of the State of Oklahoma, 1910, and amendments thereof.

The Contractor to whom the contract may be awarded will be required to execute and furnish the City a good and sufficient Construction Surety Bond in amount equal to fifty (50) percent of the whole bid, conditioned for the full and faithful execution of the work, and the performance of the contract.

The Contractor will also be required to execute and furnish the City, a good and sufficient Statutory Bond in the full amount of the contract price, running to the State of Oklahoma, which bond shall guarantee the payment of all bills for tools, machinery rental, labor and materials used in or about the construction of the work. This bond shall be presented to the City at the same time as the Construction Bond, and after being approved, shall be filed with the Court Clerk of Pontotoc County.

The Contractor shall also furnish before the allowance of the final estimate and acceptance of the work, a Maintenance Surety Bond in the amount of approximately three (3) per cent of the cost of the work contracted for, conditioned for the maintenance in good condition of the paving, curbing, and drainage for a period of five (5) years from the time of completion and acceptance by the City.

Complete plans and specifications can be seen and consulted in the office of the City Clerk, Ada, Oklahoma. Plans and specifications are also on file in the office of the City Engineer, and may be examined by all persons interested.

Dated this 8th day of August, 1922.

J. C. DEAYER, City Clerk and Commissioner of Accounting and Finance. (SEAL)

8-10-10td

Citizens! Please Take Notice And Act

It has come to the attention of the Mayor that there is considerable trash and filth allowed to accumulate on the premises of some of the citizens of Ada, and if this is allowed to continue will produce contagious diseases which will eventually cause trouble in our midst.

You are therefore requested and asked to cooperate with the City Commissioners in a clean up campaign to begin August 18th, 1922 and continue until the 1st of September.

It is not the purpose of the Mayor to cause any trouble with the citizens but it is absolutely expedient and necessary that the City of Ada be cleaned up beginning with the house, front yard, back yard and alley on your premises.

Done by order of the Mayor, this 17th day of August, 1922.

City of Ada, Oklahoma, By W. H. Fisher, Mayor, Commissioner of Public Justice and Safety. 8-17-2t

The highest speed ever attained on a railway—131 miles an hour—was made by an electric locomotive in 1903.

## FAMOUS ACTRESS DIES IN LONDON

"Grand Old Dame of Stage" Was Favorite Here and Through Europe.

(By the Associated Press)

LONDON, Aug. 18.—Genevieve Ward, famous American tragedienne, died of heart failure today at her home in Hampstead.

Genevieve Ward, American tragedienne, affectionately known to the theatrical fraternity as "The Grand Old Dame of the Stage," endeared herself to millions of theater-goers in every corner of the world during the 55 years she appeared before the public in almost every role from grand opera to light comedy.

Great as she proved to be in mock tragedy, she was none the less remarkable for the indomitable courage with which she met and conquered genuine tragedy when it appeared in her own life. Either of two events occurring while she was still quite young might have overwhelmed a heart less stout. The first of these was an unfortunate marriage at the age of 17 to Count Constantine de Guerbal, of Russia, from whom she separated, and the second was the complete loss of her singing voice through an attack of diphtheria after her success in grand opera had been assured.

Madame Ward studied singing in Italy and in Paris, making her first appearance in Paine's opera "Stella di Napoli" under the stage name of Mme. Ginevra Guerrabella.

Welcomed in Italy.

Warmly received by Italian audiences, she continued through two more seasons before going to Paris to take the part of Elvira in "Don Giovanni." Then she appeared in London concerts where her success was striking. Born in New York, March 27, 1838, daughter of Colonel Samuel Ward and granddaughter of Gideon Lee, once mayor of New York, Madame Ward seemed to feel in the beginning that she found more sympathy from foreign audiences, but this proved to be an illusion.

Returning to America in 1862, she made her first appearance as Violetta in "La Traviata." The next season she appeared in Cuba, and it was here that the attack of diphtheria brought her operatic career to a premature close.

In 1873 she returned to England bent upon trying her hand at acting and recorded an instantaneous success in her first appearance on the dramatic stage as Lady Macbeth in the Theater Royal, Manchester.

Deciding to revisit the United States, she made her first appearance on the American dramatic stage at Booth's theater, New York, in 1878, taking the part of Jane Shore in a play by that name and following it with several Shakespearean parts.

On her return to London in 1879 she appeared in numerous roles, terminating her almost uninterrupted activities extending back 44 years with her performance as Mr. Sea-brook in "Captain Swift," although she continued to appear intermittently for the next 11 years. London, England, has been the adopted home of Madame Ward since 1900.

## CHAMPION LADY GOLFER OF ADA TO BE DECIDED

The champion Elk lady golfer will be decided within the next few days. Mrs. A. W. Parker has earned her right to play in the final match by eliminating all opponents. One more semi-final match was left to be played today, that between Mrs. Roy L. Givens and Mrs. J. H. Patten. Mrs. Parker will play the winner of this match for championship.

R. W. Simpson eliminated W. N. Mays in the men's division for the Elk's championship. R. L. Givens eliminated Harmon Ebey. Score in the Simpson-Mays match was 109-119. Score in the Givens-Ebey match was 97-105.

All scores must be turned in to Harry Schienberg as soon as matches are played. This will be necessary in order to get the semi-final matches played off and make ready for the final match. Large crowds are attending and interest is growing daily.

Reports from the players which were turned in this morning said that Mrs. Roy L. Givens had lost an advantage to Mrs. J. H. Patten in the last semi-final match. The score was for the first half of the game: Mrs. Givens 73, Mrs. Patten 67. They will complete the match today.

## OIL FIELD WORKMAN KILLED IN EXPLOSION

(By the Associated Press)

BARTLESVILLE, Aug. 18.—While digging into the ground for a pint of nitroglycerine which he had buried outside the city limits C. H. Sorrell, a casing filler in the oil fields, struck the "soup" with his spade which caused it to explode, killing him instantly. The detonation was heard for almost a mile.

### All About The Camp

By Harry W. Miller

When Billie Kerr, Hugh Smith, Hoyt Driskoll, Donald Wilmoth, Charlie Harwell and Harley Brown attempted to sing the camp to sleep the second night in camp, many of the fellows objected to such a murder of music—especially to Billie's high tenor voice, and Hoyt Driskoll's deep bass bullfrog croaking. When the listeners reached the limit of their endurance they proceeded to put an end to the concert.

Mayo McKeown, acclaimed the best camper in the bunch, decided that a long hike would benefit the boys, especially the singers. A hike to Davis, nine miles away, was taken the night the song birds were so active, the boys starting about 11:30 p. m. and returning about 3:30 a. m. No ambition to sing was exhibited on the return.

If you want to know the way to Ardmore out of Turner Falls ask Renfro Herndon.

Racac Herndon must have thought camp was a fine place to cure a bad cold and a felon on his finger. Mayo McKeown seemed able to make a good hospital out of any place. Bob Naylor and Junius Ridling did the priming up act before attending any meeting of the assembly. Several times they almost emptied the water cans in their industrious efforts to improve their appearance.

T. J. McClure was accused of being interested in girls at camp. He stayed dressed up and was caught casting glances in the general direction of the girls' lodge. His principal reason for not engaging in K. P. duty was because of the lack of an apron.

A diligent search for Jesse James cave near Prices Falls was made by a detail composed of Bob Naylor.

### JUST WAITING

—for an opportunity to have that photograph made of Dear Mother or Father, or the little tot. There never was a better time than NOW. Don't put it off.

Phone for appointment.

STALL'S STUDIO

Over Globe Clothing Store

Joe Cathey, Marion O'Neal, Junius Ridling, James Hunter, Haskell Rogers, although they never found it. Every ravine and likely looking place in the mountains far and near was visited.

Sunday was big feed day for the scouts. Guests who enjoyed the chicken dinner and ice cream with the scouts were Mr. and Mrs. Van Curen and family, Mrs. Patterson and Mrs. C. C. Morris, Miss Pauline Campbell of Henryetta and Miss Olive Milligan.

A varied camp program kept the scouts interested. Courses in Pilgrims Progress and scouting was given each morning, swimming and hiking in the afternoon were also interesting. Each night the scout went to assembly. Unanimous was the vote of appreciation of Baptist scouts to the Business Men's class of Ada who made it possible for the local boys to enjoy the outing.

### Card of Thanks.

We wish to thank our many friends and neighbors for the kindness and sympathy during the illness and death of our loved one, also for the beautiful floral offering. # STIRRING RACES FEATURE ELECTION

## 20,000 SURFACE CAR MEN LAUNCH CHICAGO STRIKE

Three Million People Are Forced to Seek Other Transportation.

## RAIL HEADS CONFER

Nationwide Strike Goes Into Fifth Week With All Sides Hopeful.

(By the Associated Press)  
CHICAGO, Aug. 1.—Twenty thousand motormen, conductors and guards on surface and elevated lines went on strike at four o'clock this morning and the greater part of the working population of Chicago's nearly three million persons was forced to seek improvised transportation.

## STRIKE ENTERS SECOND MONTH; PEACE IS NEAR

CHICAGO, Aug. 1.—The railroad strike today entered its second month with meetings at Chicago and New York which were expected to end the walkout immediately. Union chiefs were here and railroad executives were in New York to consider President Harding's plan for a settlement.

At Chicago were most of the 90 general chairmen of shopcraft workers and several other leaders, including L. M. Jewell, president of the railway employees' department of the American Federation of Labor and Timothy Leary, head of the striking firemen and others. Mr. Jewell presided. Chairman Ben V. Hooper of the United States Railroad Labor Board was also on hand and it was understood that he bore authority to speak for President Harding's plan in case it became necessary. The New York meeting included executives of 148 leading railroads.

## RAIL COMMITTEE TO REPLY TO PRESIDENT

NEW YORK, Aug. 1.—The standing committee of the American Association of Railway Executives went into session here today to prepare a reply to President Harding's proposal for the settlement of the railroad strike.

## TIME FOR GOLF TOURNAMENT IS EXTENDED TODAY

A new plan has been adopted in connection with the conducting of Elks Golf tournament, according to Harry Schienberg, who is in charge. Election day has caused some changes in the schedule, he said, and revisions have been necessary. The time for playing off the golf championship has been extended until this week.

Those players who were matched for games earlier in the tournament may yet qualify if they will play the 18 holes and turn in a certified score immediately, it was pointed out. It will not be necessary to have a partner for the preliminaries.

Both men and women come under the new ruling. As many of the players have been kept from playing because of work in connection with the election and campaigning and other matters, the time was extended and the new ruling made to fit circumstances, Mr. Schienberg said.

Men qualifying and their scores are as follows: Paul Carson 97, Cliff Skirvin 99, Dennis Davis 101, Donovan Skirvin 106, Roy L. Givens 108, Bruce Ligon 110, H. P. Schienberg 110, W. J. Coffman 112, J. G. Breco 118, Sam Schienberg 120.

Women qualifying and their scores: Mrs. R. L. Givens 137, Mrs. A. W. Parker 140, Mrs. J. H. Patton 140, Mrs. C. M. Thussen 148, Mrs. H. B. Schienberg 150. Those who take advantage of the new ruling will be added to this list before the games for semi-finals are made out.

## McKeown Almost Unanimous

TISHOMINGO, Aug. 1.—(Special)—At 8 o'clock this afternoon the vote for congressman in Tishomingo was as follows:  
McKeown 130, Cheatham 3, Wheeler 1, and Villines 1.

## Arsenic in Pie Dough is Fatal To Three Today

NEW YORK, Aug. 1.—Arsenic, mysteriously placed in a batch of pie dough, was responsible for the death today of three persons and the illness of more than one hundred others who partook of the poisonous pastry in a Broadway restaurant, the medical examiner's office announced after an investigation. Charles Abrahamson, a baker, recently discharged by the restaurant manager, was held as a material witness, but District Attorney Banton, announced Abrahamson apparently came out clean of any suspicion that he was responsible for the poison.

## CLEVELAND MEET MAY END STRIKE

Lewis Calls Operators and Miners Together on Wage Issue.

(By the Associated Press)  
PHILADELPHIA, Aug. 1.—A joint wage conference of operators and miners in the central competitive fields to be held in Cleveland next Monday, for the purpose of negotiating a basic agreement designed to terminate the present coal strike, was called today by John L. Lewis, international president of the United Mine Workers.

President Lewis also summoned the general policy committee of the union to meet in Cleveland at the same time for the purpose of acting promptly on the developments as they may occur in the joint wage conference. All men will remain on strike until an agreement or a definite understanding is reached.

## INDIANA OPERATORS NOT TO OBEY MINE PRESIDENT

(By the Associated Press)  
INDIANAPOLIS, Aug. 1.—Indiana operators will not attend the conference called at Cleveland by President John L. Lewis of the mine workers for the purpose of negotiating a wage agreement for the central competitive field, declared Morton L. Gould, president of the Indiana bituminous coal operators association.

## NO JOINT CONFERENCE KAVANAUGH ASSERTS

(By the Associated Press)  
ST. LOUIS, Aug. 1.—"There will be no joint interstate conference of the former central competitive field and Mr. Lewis' tactics. This is to be true," W. K. Kavanaugh, president of the coal operators' association of the fifth and ninth districts of Illinois said here yesterday.

"There is nothing further to say at this time Mr. Kavanaugh issued a statement yesterday that covered the case," is the statement from Mr. Kavanaugh's headquarters here today.

## COAL OPERATORS TO PASS UPON INVITATION

(By the Associated Press)  
CHICAGO, Aug. 1.—Coal operators will pass on John Lewis' invitation for a central competitive field conference when the state operators' scale committee meets here Friday, Dr. F. C. Honnold, secretary of the Illinois Coal Operators association, said today. Dr. Honnold added that his personal opinion was that sentiment in Illinois would be in line with that of the executive in Indiana.

Our WeatherMan

Generally fair tonight and Wednesday.

Rainfall at Ada during the month of July was 3.78 inches, according to the report of E. A. MacMillan, local observer. The heaviest during any 24-hour period was 1.43. For the seven months of the year the total rainfall has been 25.13 inches. During July rain fell on 6 days. There were 22 clear days, 4 partly cloudy and 5 cloudy.

Maximum temperature 106; minimum 61.

## CANDIDATES ON WIRE EDGE FOR STATE RETURNS

Field Managers All Send Glowing Reports Into Headquarters

## VOTERS DEFY AUGUST

All Parts of State Report Unprecedented Ballot in Primary Today

(By the Associated Press)  
OKLAHOMA CITY, Aug. 1.—Scattered and meager reports received at the headquarters of Oklahoma's three candidates for gubernatorial nomination on the democratic ticket today gave little indication up to one o'clock as to how the votes were being cast.

Managers of all three candidates professed to see encouragement in reports received from their field workers this morning, but these replies were few and gave little detailed information.

All indications point to the heaviest vote in years, despite the penetrating rays of a hot August sun which sent the thermometer past the 100 mark in most sections of the state.

With political managers using the whip hard at the finish, the primary campaign ended Monday night with all candidates claiming the verdict. While managers for Owen, Wilson and Walton all predicted overwhelming pluralities for their men, friends of all three admitted in confidence the decision was very much in doubt.

## Final Efforts Made

Speakers honeycombed the state during the final hours of the dash, beating the bushes in the hope of winning here or there an undecided vote or two. Personal workers also exerted every effort to put over a last wallop, admitting the while that the last shot had been fired and that few votes would be changed before morning.

While R. H. Wilson was delivering his final appeal to the home folks over in Chickasha, Thomas H. Owen spent the day quietly at his home in Oklahoma City. Mayor Walton wound up his tour with a speech at Capitol Hill. George F. Short remained in his headquarters throughout the day, while J. Berry King, his manager, was preparing to leave for Muskogee by airplane to cast his vote in his home precinct. C. J. Kendra, R. A. Speed, Ross Lillard, Mary B. Louthan and William M. Franklin all spent the day at home, declaring that they were ready for the verdict.

## OBITUARY

Mrs. M. E. Brundridge, 63, mother of R. B. Brundridge of this city, died at his home at 6:30 a. m. today. Funeral services were held this afternoon with Rev. Nettles in charge. Burial took place in Rose-dale cemetery.

William Francis Starks, four year old son of W. W. Starks, died at Oklahoma City yesterday afternoon. Remains were brought to Ada today for burial. Funeral services were conducted this afternoon by Rev. C. C. Morris at the home of a relative at 112 East Fourteenth street. Burial took place in Rose-dale cemetery.

Miss Fannie Henderson is visiting friends in Francis this week.

## You Are Invited to Election Party

Primary election returns from the county and state will be heralded from the News building tonight, beginning as soon as the counters finish their work. The Associated Press has gone to an enormous expense to perfect an organization which reaches into every rural district. As soon as the results are learned in a far away box and that news gets to the county seat, it is flashed to the Associated Press rooms in Oklahoma City. In another minute it will be in the office of the Ada News, and in another instant it will be given to the waiting crowds in front.

As the votes are counted in the boxes of this county, they will be telephoned into the office of the News and announced as the state news will be announced.

## Denison Church Folk Pray That Strike Will End

DENISON, Tex., Aug. 1.—Denison prayed this morning that the nationwide strike of railroad shopmen would end. Every business house in the city was closed from 9 to 10 o'clock while business men and strikers, their sympathizers and families, crowded into four protest churches where, with bowed heads they listened while four ministers besought God to "guide the railroads and men to peace."

## RECREATIONS TO MISS STUDENTS

Bathing Pools and Sport Grounds Feel Decrease in Patronage.

"Gone are the days when the crowds were large," sadly lament managers of local amusement places. Since the more than 1,500 out of town students left the city there has been a decided decrease in the attendance at theatres, bathing pools and amusement parks, according to reports given out today by the various pleasure resorts.

Beginning today no bathing is permitted at the city lake. This partly closes one of the most popular outing places known to Ada people. Records at Ford's bathing pool and Glenwood bathing pool show that about half as many people are admitted each day now as a week ago.

Reports from Byrd's Mill are that hundreds of tourists have stopped there this summer. Most of these were Ada people who spend a weekend or a day at the state's famous spring.

Sulphur has also been one of the places which has attracted many Ada people. Most of the local residents who have been spending the summer in Sulphur were home today, however, to participate in the county and state primary election, late reports indicate.

With the lagging interest in fishing, leaders in sportsmanship of the city are now turning their attention to golf. Ada's golf links are becoming more popular each day and many good players are being produced. It is expected that golf will within a short time become one of the leading sports of the county. It is not only the newest sport here, but also ranks even now one of the leading sports.

## Boy Scouts Off For First Summer Camp At Gregg Crossing

A small delegation of Ada scouts left overland this morning for Gregg's Crossing, near Tishomingo, where they will attend the first annual encampment of Pontotoc county Boy Scouts.

Most of the scouts attending the camp will be from Allen, Francis, Stonewall and Lawrence. Harry W. Miller, scout executive, said this morning. Several leading men in scout work from over the county will be in charge of the camp.

The boys will be gone about ten days. This is the first time since scouting was started in the county that all of the different troops have been brought together in a summer encampment.

Miss Mollie Russell leaves today for Youngstown, Ohio, where she will make her home. She has accepted a position as teacher in the city schools there next fall.

## HARDING SEEKS OLD RATING FOR RAIL STRIKERS

Roads and Men Must Abide by Board Decisions, is Federal Plan.

## DISMISS LAW SUITS

Disagreement in Walkout May Be Left Before Board Members.

(By the Associated Press)  
NEW YORK, Aug. 1.—President of 148 railroads threading all parts of the country this afternoon resumed their conference at the Grand Central station presumably to vote on acceptance or rejection of President Harding's proposal for settlement of the nationwide railroad strike.

Those in close touch with the executives believe it a foregone conclusion that they would refuse to accept Mr. Harding's suggestion that men be allowed to return to work without impairing seniority rights.

It was declared that the railroads believe such action would precipitate in an even worse strike than that now in progress because supervisors who have been so successful in organizing new forces would quit.

## Letters Kept Secret

It was announced that the executives would not make public either the text of the letter which President Harding sent with his proposals amplifying them, or the reply of the railroad chiefs; until the reply was received at the White House. This reply, it was indicated, would be dispatched immediately.

Although the text of President Harding's letter was not made public here, it was reported to have proved more mandatory in tone than had been expected. The text, it was understood, differed from that written to Bert M. Jewell, labor leader, when the administrative program was forwarded to the strikers in Chicago.

Most of those close to the conference maintained that unqualified re-instatement of strikers would be "a rank injustice" to the men who had replaced striking workers. In addition they said it was felt that if the seniority conditions were accepted it would mean that the union men would "discipline" those who had helped to break the strike.

## SEPARATE AGREEMENTS WILL BE SUGGESTED

(By the Associated Press)  
CHICAGO, Aug. 1.—A proposition that the striking shopcrafts settle their strike with roads that are willing to agree to President Harding's proposition regardless of whether all roads agree to them, will be placed before the meeting of union chiefs in session here.

NEW ORK, Aug. 1.—President Harding's proposals for settlement of the nationwide railroad strike, made public today in connection with their consideration at a meeting of 158 road heads, were three in number.

The first set forth that the roads and men should abide by wage decision of the labor board.

The second would provide that all lawsuits brought by either side in connection with the strike should be withdrawn and that disagreement growing out of the walkout should be left with the labor board.

The third proposal—and the one calculated to provoke the longest discussion when the conference meets again this afternoon for a vote of acceptance or rejection—suggests that the striking men be taken back on the basis of seniority which they enjoyed before they walked out.

## HARDING TO FAVOR STRIKERS ON SENIORITY

(By the Associated Press)  
WASHINGTON, Aug. 1.—President Harding's proposal looking to the ending of the rail strike provides, with reference to the big controversial point of seniority, that "all employees now on strike return to work and to their former positions with seniority and other rights unimpaired."

This was revealed in an announcement from the white house giving the basis of the executive's settlement plans as follows:  
"1. Railroad managers and workmen.  
"2. Railroad managers and workmen.  
"3. Railroad managers and workmen.  
"4. Railroad managers and workmen.

## BIBLE THOUGHT OF TODAY

**HOW TO OVERCOME EVIL:**—Be kindly affectioned one to another with brotherly love; in honor preferring one another; recompense to no man evil for evil. Provide things honest in the sight of all men. Be not overcome of evil, but overcome evil with good.—Romans 12: 10, 17, 21.

## PROGRESS OF BUSINESS RECOVERY

The extent of business recovery in the United States is shown by the National Bank of Commerce in New York in the August number of its magazine, Commerce Monthly, by a comparison of trade and production statistics since the first of the year with corresponding periods in 1921.

"While it is generally recognized that business has steadily improved for some months, the extent of the progress achieved becomes apparent only when comparison is made between periods of reasonable length," Commerce Monthly says. "Those cases where the 1922 figures are below those for 1921 were for the most part affected by special circumstances. Thus the value of exports for the first half of 1922 is considerably lower than for 1921, but this is largely a reflection of price changes. Wheat exports are little more than half of those of the previous period—largely because of the extremely rapid movement of grain in the fall of 1921. Exports of pork products are somewhat smaller for the corresponding period of last year.

"In contrast with these losses, carloadings, exclusive of coal, are more than 11 percent above the previous period, pig iron production is nearly 28 percent higher, and steel ingot production 50 percent higher. Building contracts are up nearly 60 percent. Cotton consumption for the half year was 18 percent greater than for the first half of 1921.

"In connection with the situation in the United States, it is of interest to note that exports of cotton piece goods from the United Kingdom for the first five months of 1922 were 1,538,953,000 square yards compared with 1,058,382,000 square yards during the five months of 1921, and British exports of woolen and worsted goods were 72,865,600 square yards, compared with 51,207,200 square yards for the corresponding period of the preceding year. Textiles constitute the most important class of British exports of manufactures, and the notable gains made clearly indicate better conditions not only in the United Kingdom but in the countries to which British textile manufacturers sell."

Car loadings for the first six months of 1922 totalled 20,248,000 cars, compared with 18,686,000 in the first half of last year. New capital issues to May 31, 1922 were \$2,627,648,000, an increase of \$769,974,000 over the same period last year. Bank debits to individual accounts, another index of business activity, were \$223,696,135,000 on June 28, an increase of \$20,596,781,000 over the same period last year. New York bank clearings reached \$109,440,844,000 on June 30, of \$11,424,697,000 more than the first half of 1921.

Many a man has wrecked his life by being discontented with his location and constantly moving. Nothing quite suits him and he picks up and goes to a more promising spot only to find that it also has some disadvantages that he does not like and move again. We have in mind a man who settled in an early day in a western state. By hard work and close economy he acquired a small farm but wanted more land. He left there in time and moved to Oklahoma. Later he went back to his first home with no more than he had started out with several years before and too old to do much more. The first farm is probably worth \$200 per acre now. His Texas land is worth several times what he sold it for while his Oklahoma place is so favorably located that it is worth more than \$100 per acre. Had he remained at any one of these places he would have been much better off, but in every case he moved at the wrong time.

Among the many admirable qualities in the character of Stonewall Jackson that are worthy of emulation was that of keeping his own counsel. It is the habit of the average man to do too much talking. This brings about many embarrassing situations and more talk with the result that before long the one with the loose tongue has exhibited all he carries in his head and the exhibition is none too flattering to his reputation. Jackson never talked. No one knew his plans of campaign and if he ever made a mistake the world never knew. It for he always in the end accomplished what he had in mind, so far as the world knew. If any of his plans ever went wrong he made new ones and having done what he aimed at the world to this day does not know whether he ever made a mistake or not. Other generals wrote whole volumes after the war trying to justify themselves, but Jackson would in all probability never have written a line. His record spoke for itself.

The Farm and Ranch observes that if Texas is given 50 percent as good a government as the candidates have promised the people, the nominees will be entitled to a life tenure in office. The same thing applies in Oklahoma.

Henry Young, who has been running a thresher for some time past, reports that the wheat yield is very light. The rust did considerable damage to the crop.

## GETTING ON FATHER'S NERVES

## The Forum of the Press

### Popular vs. Government Ownership

While there are many who oppose government ownership of public utilities there can be few, except for selfish reasons, who will oppose the wider distribution of public utility securities among the people so that the utilities will be owned by the public rather than by the government.

There is nothing that focuses the interest of a man or woman on a business like a financial stake in the institution. The scripture tells us that where a man's treasure is there will his heart be also. That is a fundamental human trait, and it is being taken advantage of by many utilities, which have failed through other means to get a square deal from the people.

Government ownership brings in the question of politics, and the relation is likely to have a bad effect both on the business of the utilities and the political situation. This danger is absent in the case of popular ownership through the sale of shares to employees and consumers or patrons of the corporations.

The telephone company and many power and light companies have adopted the plan of selling securities in small blocks and at easy terms to the people they serve. Many concerns are selling to their employees. It makes the people interested in seeing that the utilities get a square deal from the public authorities and in also, through the dividend check, demonstrates the relationship between fair rates and a reasonable return on the invested capital.

While there can be no doubt of the salutary effect both on public sentiment and on the managements of the utilities of this plan, it will not be wholly successful if the people only purchase certain surplus stocks, while the control remains in the hands of a few men who disregard the desires of the minority stockholders. The success or failure of the plan in its last analysis rests in the spirit in which it is carried out.

Meanwhile, one might point out that railroad and street railway stocks are at low ebb of prices, if employees and general public purchase them now, and then see that the roads have a square deal as to costs of operation and rates, we shall see good service, popular ownership of railroads and prosperity all round.

### Wilson's Word to the People

(Lawton Constitution)  
From one of R. H. Wilson's addresses:  
"I shall regard every pledge made in my formal announcement and in all subsequent statements as a solemn and binding obligation between me and the people of the state, and will endeavor, with the help of the legislature and other state departments, to bring about their fulfillment."

"For twelve years I have studied the conditions of this state. I have studied every phase of state government, and am familiar with the conditions, confronting the people in all sections of the state. My heart and mind have been trained to feel and think in terms of the masses of the people. I love Oklahoma. I am interested in our people. I have one ambition to be governor, and that is to do what I can to help the people of our state in improving the conditions and reducing the expense of the state government. My record as a democrat stands unchallenged. My record as an official is a public one and as an official I have always stood unflinchingly willing for a public or private investigation."

### Laboring Men—Beware

(McAlister News-Capital)

Jack Walton would have you believe that he is getting by in this campaign with practically no expenditures. It is true he is not coughing up to the boys of the press whom he is lambasting the stuff out of. But don't you get it into your noodle that he is not putting out large gobs of the coin of the realm, to an amount if the truth is known, largely in excess of either his opponents, Walton is a campaigner to a fare-you-well, but he is not deceiving any one on this sort of dope. Who is paying for his 50,000 campaign cards that cost \$18 per; who is paying for tacking them up; who is paying for a million copies of Walton's record that is being spread broadcast over the state, and who is paying for their distribution, it is said by men who have been around over the state that Walton has more campaign cards to the square mile tacked up over the state than all of his opponents combined; who's paying for the five special cars of Walton campaigners and the special mechanic that goes along to keep the said cars in repair; and who pays for keeping the jazz band of five members that are making a tour of the state. We ask you, is footing the bill if Walton is not. Besides who is paying for the various Walton headquarters? Is it his big horde of Walton leggers working for glory? Answer that yourself. In the meantime don't allow yourself to be hoodwinked with such hogwash.—Hartshorne Sun.

## A SMILE A DAY

### An Axiom.

Alice—Did Gladys have a good time?  
Virginia—Well, she's a widow.

### False Alarm.

Down along the Miami River in Florida the natives are not usually easily scared, but one night the conversation turned to spirit manifestations and one man spoke up: "Don't believe in them," he stated, "but I did once. One night I wakes up in my cabin and hears somethin' slooshin' across the floor. Spooks, I thinks. It was so creepy-like. Scared? Well, I reckon. But I gets the nerve to crawl out of bed and to light a match and then I'm cert'nly plumb ashamed of myself an I ain't never believed in spirits since."

"Why, it weren't nothing" in the world except jest a big, common, mean, sneaky rattlesnake."

### When Congress Gets Its Way.

C. in C.: "Where's the Army?"  
Orderly: "He's playing golf 'aire."  
C. in C.: "Where's the navy?"  
Orderly: "He's making a new pair of oars for the fleet."

### How Appropriate.

Stepper: "Going to the post's Hard Times party?"  
Jobless Buddy: "Hard Times-party? You're tootin'."  
Stepper: "What kinda costume you gonna wear?"  
J. B.: "My best clothes."

### In Other Words, No!

A Boston girl, with literary aspirations, took a friend into her confidence with reference to a certain personal matter.

"I got even with that editor," she said, gleefully. "He always rejects my manuscripts but I got back at him."

"How did you do it?"  
"I declined his son with thanks, regretting that he did not meet with my immediate requirements."

Seventy-five per cent of all fires are said to be preventable.

## POEM FOR TODAY

Waiting.  
John Burroughs  
Serene, I fold my hands and wait;  
Nor care for wind nor tide nor sea;  
I have no more 'gainst time or fate,  
For lo! my own shall come to me.  
  
I stay my haste, I make delays—  
For what avails this eager pace?  
I stand amid the eternal ways  
And what is mine shall know my face.  
  
Asleep, awake, by night or day,  
The friends I seek are seeking me,  
No wind can drive my bark astray  
Nor change the tide of destiny.  
  
What matter if I stand alone?  
I wait with joy the coming years;  
My heart shall reap where it has sown  
And garner up its fruit of tears.  
  
The waters know their own, and draw  
The brook that springs in yonder height;  
So flows the good with equal law  
Unto the soul of delight.  
  
The stars come nightly to the sky;  
The tidal wave unto the sea;  
Nor time, nor space, nor deep, nor high,  
Can keep my own away from me.

## QUEER FEELINGS AT MIDDLE AGE

Women Should Know How Lydia E. Pinkham's Vegetable Compound Helps at This Trying Period

Sheboygan, Wisconsin.—"I was run down, tired and nervous. I could not even do my own housework, could not sleep at night and all kinds of queer thoughts would come to me. Finally I gave up going to the doctor and a friend told me of Lydia E. Pinkham's Vegetable Compound. After the first bottle I could sleep better and I have kept on improving ever since. I have taken seven bottles now and am so happy that I am all over these bad feelings."—Mrs. B. LANSER, 1639 N. 3rd St., Sheboygan, Wisconsin.

For the woman entering middle age Lydia E. Pinkham's Vegetable Compound can be of much benefit. During this time of life certain changes take place, which sometimes develop into serious trouble.

Melancholia, nervousness, irritability, headache and dizziness are some of the symptoms. Lydia E. Pinkham's Vegetable Compound is a natural restorative, especially adapted to assist nature in carrying out safely past this time. Why not give it a fair trial?

### McSWAIN WEDNESDAY

## TOURISTS WILL NOT BE 'STUCK' BY HARD FINES

(By the Associated Press)  
MINNEAPOLIS, Minn.—Tourists, especially those from other states than Minnesota, will not be the prey of over zealous authorities in the small towns of Minnesota who are rigidly enforcing local traffic codes with a zest, bent upon the enhancing their own salaries or enriching the coffers of the village, if a movement started among several towns continues to spread.

Vigilance committees, composed of residents of the communities, have been formed, to which the tourist who has been haled into court, may depend upon fair, reasonable treatment. These committees will see that too rapid justice will not engulf the innocent, especially when the motorist happens to be a tourist from outside the state and therefore

expectedly ignorant of the traffic laws in that locality.

With the tourist industry developing by rapid strides in Minnesota, the action of the small town officers in strictly enforcing petty infractions was seen as a possible deterrent and menacing factor to its progress, according to Perry S. Williams, manager of the Minneapolis Journal travel and resort bureau, who was instrumental in organizing the first vigilance committees.

The trouble apparently threatened as a result of the fact that at many points both the constables and deputies making the arrests and the court officer before whom the alleged offenders must appear profited with the assessment of the fine," Mr. Williams said. "Part of the work of the vigilance groups will be to correct this arrangement where it exists. Efforts will be made to place such officers on a definite and increased salary basis. Also it is planned to have moneys procured from fines placed in road funds to help along the general work of bettering the state highway conditions."

Communities lying along the state highway leading to and around Mile Laes Lake, on Trunk Highway No. 18, were first to organize the "vigilantes." Princeton led the way with the organization of a highway vigilance committee and similar groups are being formed at Onamia, Milaca and Isle.

Dr. and Mrs. W. D. Faust returned Monday afternoon from Weleetka. They were accompanied by their daughter, Mrs. Houston Mount, who will visit here several days.

Crack case not only drained but washed free. A-1 Filling Station. 4-1-1mo

Graveling work on South Mississippi avenue is progressing rapidly. One block already has been completed and several more are being given the first treatment for the gravel.

The process of law required in letting a contract for street paving is gradually being carried out in the project to pave the block on South Broadway bordering the city hall. As soon as necessary time expires and other required legal steps can be taken, contracts will be let and work will be started. Slow progress is being made on the South Townsend paving.

WE WILL replace your electric fixtures just as good as new, try us. Phone 630. Gay Electric Co. 7-25-1mo

R. E. Brians and A. R. Hill who have been located in Ardmore for some time, were in the city today to cast their vote in the democratic primary.

Fine woolen bathing suits for ladies and gents at greatly reduced prices at Rollow's. 7-31-3td

Prof. M. B. Malloy and family have returned from Norman where they spent the last two months. They are at their home on East Ninth.

HAVE your Ford repainted for \$15.00. Gay Electric Co., phone 630. 7-25-1mo

Battery F will drill Thursday night for the first time since returning from the summer encampment. All men will be required to turn in extra equipment.

"Health Service Station." Thompson Drug Store, Phone 10, We Deliver. 6-23-1mo.

We loan you a battery while repairing yours. E. L. Carson. Phone 2, 325 East Main. 1-3-1mo

Miss Alice B. Francisco, head of the domestic science department at the College, left today for Owego, Kan. After a few days in that city, she will leave for points in Colorado.

Extra large lot of men's bathing suits at greatly reduced prices at Rollow's. 7-31-3td

## Flannel Sports Costume For Fastidious Wearer

By MARY BROOKS PICKEN  
FASHION SERVICE

FLANNEL frocks are always a delight. Their adaptable becomingness, as well as their practicability, make them a pleasure to own.

Tan-and-white checked flannel with plain white flannel, white buttons, and brown tie for the dress trimmings, and a tan felt hat with a brown pheasant tail, make this costume one to satisfy the most fastidious wearer of sports clothes.

The materials of such a frock help wonderfully for smartness, out in addition one must watch carefully the shaping of the collar and cuffs and the position of the skirt bands, to make the dress instinctively smart.

Checked flannel in green, yellow, lavender, blue, or black all go to make a smart costume, and as all the colors are so attractive, one is sure to find just the one that becomes her best.

Miss Emma McClure of the College faculty has gone to Chicago where she will join Miss Kate K. Knight and take a course in the University of Chicago the next five weeks.

Miller Bros. Tailors, Cleaners and Hatters. Phone 422. 4-10-1m

Ed Runion, connected with the Sulphur Democrat, returned to his work there today after spending the week-end here with his family. He remained in the city long enough today to vote in the primary election.

Are you taking advantage of our free delivery service, Phone 10, Thompson's Drug Store. 6-23-1mo.

Few disturbances were reported in the city last night as a result of the political enthusiasm. Police court was not open today on account of the court room being used for voting in Ward 1. All city officials had their offices closed today and banks also were closed.

We deliver anything you order.—Thompson's Drug Store, Phone 10. 6-23-1mo

A meeting of the Ada chapter of DeMolay will be held as soon as the primary election is over according to those in charge. Further steps towards perfecting the local organization will be taken at meetings to be held in the near future.

McCarty Bros. can fix that old tire or tube. Phone 855. New location 116-18 S. Townsend. 7-7-1mo.

Dr. T. W. Chadwick, for a number of years a resident of Ada, arrived Monday from Clovis, New Mexico, to look after business matters and shake hands with his friends. He reports that crops in western Oklahoma and the panhandle of Texas were very poor along the route he traveled.

## Farmers' Column

By Byron Norrell

From a visit to a number of cotton fields during the past few days I am convinced that the hot weather has checked the boll weevils quite a bit. Many of the stung squares are drying up on the stalk and those in the middles don't last long. This indicates that the third crop of weevils is being cut considerably. However, I have observed another feature that is not so encouraging. Many young bolls are shed as soon as the bloom does. I have examined many of these and experienced cotton farmers who have done the same are unable to find a sign of the work of the weevil and are at a loss to account for this shedding. Cotton is still blooming well and a good many grown bolls can be found in some fields. I have heard of some opening as a result of the hot weather.

One thing is certain, farmers have raised plenty to eat this year. The women are putting up great quantities of fruit and vegetables insuring a good living for next year. One

farmer told me that his wife has already put up 200 half-gallon jars.

Smith Bailey, who lives six or seven miles south of Ada, has bred a species of corn that he thinks is the best adapted to this country of any. He crossed the St. Charles White, the Silvermine and squaw corn. The last named gives drought resisting qualities which enables a farmer to raise corn with less rain than is required by other varieties.

### 300 Women Removed From Burning Ward of Female Hospital

(By the Associated Press)

LITTLE ROCK, Ark., Aug. 1.—Three hundred women patients were successfully removed from large ward building at the state hospital for nervous diseases here early today after a fire, which destroyed the building, was discovered in the attic.

When it was apparent that the building in which the fire originated would be destroyed, firemen turned their efforts to prevent a spread of the flames to nearby buildings in which approximately 2,000 patients were housed. A favorable wind, carrying the blaze in an opposite direction, aided the firemen in their fight.

## CAREY PROTESTS SENDING TROOPS

### No Lawlessness Exists in Wyoming, Governor Tells Harding.

(By the Associated Press)

CHEYENNE, Wyo., Aug. 1.—Gov. Robert K. Carey of Wyoming, late last night telegraphed to President Harding a protest against the sending of marines to Wyoming to eject alleged squatters from the Tea Pot Dome naval oil reserve. The governor's message follows:

"Have seen press reports to the effect that marines have been ordered to remove certain claimants from lands in the Tea Pot Dome naval oil reserve. If such reports are true, would respectfully protest against such action. If any person or persons are in illegal possession of land in this field, they can be removed by legal processes through courts. Such a program as is contemplated ignores the courts of the nation and establishes a precedent whereby any federal bureau or department may enforce its whims or mandates by military force rather than by legislation. In this instance no legal attempts have been made to remove the claimants. It has not been proven that they have violated any law and it is also possible that their claims are as valid as some of those purchased by Sinclair interests and turned over to the government. Finally I would advise you that no state of lawlessness exists in Wyoming to justify your sending armed forces."

## Bible Baseball Is Sport for BBoys at Summer Encampment

TULSA, Aug. 1.—Sunday baseball, conducted by a preacher who acts both as pitcher and umpire, hurling questions based on the Bible instead of curves and inshoots, is being played regularly by Y. M. C. A. boys in camp near his city.

The Rev. W. F. Garvin, director of religious instruction at the Y. M. C. A., originated the idea of biblical baseball. Last Sunday, at the Rogers Kemp Y. M. C. A. camp on Elk river, Tulsa boys chose six with nine on each team. As a bid went to bat, the preacher fired a Bible question at him. If the struck he was retired. If he answered the question correctly, he went to first base, and members of his team on other bases moved ahead. All baseball rules which could be applied were in force. The game is to be played each Sunday for the rest of the camp period.

## U. S. LABOR BOARD MAY CALL SECOND WAGE CONFERENCE

Ben Hooper, chairman U. S. rail labor board.

Ben Hooper, chairman of the U. S. rail labor board, whose call for a conference between rail executives and union chiefs for June 23 was ignored by the labor leaders, probably will call another conference. It is understood that both sides are anxious to get together and that both will gladly attend the proposed meeting.

## CAPITAL CASTS HEAVIEST VOTE

### Police Keeps Lines Going By Steady Stream Into Voting Booths

(By the Associated Press)

OKLAHOMA CITY, Aug. 1.—Today's primary election will bring the heaviest vote ever polled in Oklahoma City, according to early indications. Unprecedented crowds stormed the election boxes in various precincts and were made to "fall in line" under the watchful eyes of policemen. An hour before noon, the crowd gave no indication of diminishing. Election officials claimed "there was a woman for every man at the polls." The negro vote was comparatively light.

One precinct reported a shortage of ballots at 9 o'clock but election officials expressed the belief that there had been some mistake.

Sheriff Ben Dancy was investigating the report of another irregularity. An effort to steal the election by ousting regular appointed officials at Council Grove township was charged by W. H. Blaney, who was appointed judge of the election board there. When he went to take his place at the polls this morning, Blaney told the sheriff, he was told by George E. Fleener, precinct inspector, that he could not serve and another man had been appointed in his place.

A police official also told county authorities that election officials at Council Grove were advising voters to cast their ballots for their favorite candidates for sheriff.

Mr. and Mrs. Lee Smith report the arrival of a daughter at their home Sunday.

S. M. Shaw, proprietor of Shaw's department store, left today for eastern markets to purchase fall goods.

Enid.—Nine building permits totaling \$20,000 were issued by the city engineer for the week ending July 22, according to a report prepared in his office.

Los Angeles school children write daily on the blackboard, "It is dangerous to play on the street."

## TWO-WAY CANAL NOW ADVOCATED

### Deep Waterway Connecting Lakes Superior and Michigan Urged

(By the Associated Press)

CHICAGO, Ill., Aug. 1.—A two-way ship canal between Lakes Superior and Michigan, deep enough for ocean steamers, could be built at a reasonable cost and would divert to this route and to Chicago at least seventy-five percent of the tonnage which now goes through Sault Ste. Marie, according to D. Chase Denison, a Chicago engineer.

After surveying the territory through which it was proposed to build such a canal, Mr. Denison said that the best place for the cut-off route would be from a point near Au Train, Mich., on Lake Superior to the headquarters of the bay north of Escanaba, Mich., on Lake Michigan.

It was pointed out that any ship canal from Lake Michigan south to the Gulf of Mexico would require more water than Lake Michigan could at present supply. As an example the engineer showed that the Panama canal would be useless without the artificial lake which keeps the canal full of water. And Lake Michigan, he said, is shrinking. Since the government began to keep records, the surface of the lake has been lowered several inches. Half a century ago the lake was said to be slightly less than 620 feet above the surface of the Atlantic ocean and is now said to be little more than 618 feet above the Atlantic. According to Mr. Denison the greater part of this shrinkage has taken place during the last fifteen years.

Lake Superior Water.

"The water necessary for the Gulf canal could be obtained from Lake Superior," the engineer said. "Lake Superior is now nearly twenty-one feet higher than Lake Michigan, but the bottom of Lake Superior goes down many hundred feet below the surface of the Atlantic. In many places in Lake Superior it is not certain that the bottom has been reached even at four or five thousand feet, while Lake Michigan is comparatively shallow even in its deepest places. The many smaller lakes in territory surrounding Lake Superior are one to eight hundred feet above its surface. They receive much water but have no surface river outlets. It is Mr. Denison's belief that these lakes have underground outlets into Lake Superior.

The supply of water from Lake Superior and the smaller lakes that are above and surrounding it will be practically inexhaustible, but only as long as the large tracts of forests are allowed to stand. The future generations, it was stated, will suffer in every way if "this selfish generation is allowed to rob the earth of one of its most valuable resources."

Rimrock Holds It Back.

Mr. Denison said this excessive water supply gives Lake Superior much more than it needs, and in certain seasons the oversupply goes down through Sault Ste. Marie into Lake Huron in large quantities. "All of this water should come down the twenty-one foot incline into Lake Michigan and would do so were it not for a solid rimrock or basin edge which holds it back," he continued. "This rimrock starts on this surface at a point a short distance west of Marquette and continues east to Sault Ste. Marie. A low place in the rimrock at Au Train makes this point the most desirable spot to begin the canal."

The engineer's observations showed that there are few shallow beaches around Lake Superior except in bays, channels and small river mouths. Ninety-five percent of the shore is deep water one hundred to five hundred feet from land, and consequently does not give good footing for breakwaters much further out.

At the proposed starting point the soil is light and sandy for slightly more than two miles south from Lake Superior, averaging ten to fifty feet above the level of the lake, the report shows. The next three miles are of rimrock, fifty to seventy-five feet above the lake level, and covered with a light, sandy soil. South of the rimrock the land slopes down for a distance of more than a mile to about four miles of low, swampy land from which a small river runs to headwaters of the Escanaba bay.

"This Lake Superior and Michigan canal would not cost more than \$10,000,000 as no expensive dam would be necessary," Mr. Denison said. "This 'rimrock' and locks would form the dam. The extra water at the locks could be used for electric generating and this together with the tolls on boats and freight going through the 'locks' both ways would easily pay the canal cost and operating expenses in ten years."

The engineer proposed that the work be done in the summer and estimated that it would take two or three summers, as there would be great difficulty during cold weather. He pointed out that from Lake Michigan boats could go into Lake Calumet for an inner harbor, and if the Illinois drainage canal were changed for boats, they could go hence to the Mississippi river and down to the Gulf of Mexico.

Mr. and Mrs. Lee Allen, who have been visiting her brother, J. O. Abney and family, have returned to their home at Norman.

## TULSA SECURES LAND FOR GIANT WATER PROJECT

(By the Associated Press)

TULSA, Aug. 1.—Purchase of land and right-of-way for the \$6,800,000 projects which is to bring mountain water 60 miles from Spavinaw creek to this city, is now under way, it has been announced at the water commission headquarters.

A storage lake is to be constructed in the Spavinaw bottoms, backed up by a 60-foot dam at a point seven miles from the confluence of Spavinaw creek with Grand river. From there the water is to be brought to the city through a pipe line.

Much of the land needed for the project is owned by Indians, and under an arrangement with officials of the agency at Muskogee, it is to be appraised and purchased by the city.

Where such an arrangement is possible, the commission has announced as its policy an agreement on price to be reached between the city and the owner of property. Condemnation proceedings are to be brought only in cases where the owner refuses to sell or where the city appraisers believe the price demanded is exorbitant, it was explained.

Purchase of the right-of-way is in charge of W. L. Mays, part Indian and a native of the Spavinaw hills. Engineers planning the project have announced they anticipate bids on practically all of the construction work will be asked during the month of August.

Mrs. E. D. Payne, who has been making her home here with her daughter, Mrs. O. R. Nance, left today for Dallas where she will spend some time visiting another daughter.
